

HERE WE GO! pray!

PUSHING BACK ON THE NO ID for absentee ballot problem

-

OBJECTIVE: CREATE a mechanism to push back legally on the illegal NH voting law that allows absentee voting without ID (affidavit certified by an authorized official)

STEPS

1. Send Notice to all the town officials ASAP via email (hand deliver is even better)
 - a. Selectman, clerk, moderator, city councilors, mayor
2. Print copies of challenge form plus an additional number for voters who applied last minute.
 - a. Hand write the names of the voters in the body of the form (do not sign yet!)
 - b. Check last line on Page 1 under grounds for challenge
3. Get the challenges notarized prior to election day (it can be done on the day of the election but is a bit more risky!) Donna Judge will Notarize for us. We will set up a time on Sunday to meet and do all who want to get it done
4. Call the town and confirm the time absentee ballots will be opened.

ELECTION DAY

5. Arrive at the town election before the opening of the absentee ballots. Give ample time! You will need your ID.
6. Challenge all absentee ballots when the moderator calls the name of the voter. You should have the majority of challenge forms completed. You may need to fill a few out for late applications and challenge on the spot.
7. Watch and take notes of the action the town takes on these challenges (do they reject the ballot or accept them?)
8. Go home and eat chocolate or drink your favorite beverage recognizing not just anyone can and will do what you just do! Thank God for the courage!
9. Follow up call to be scheduled for the next day to coordinate next steps.
